Change of roles

- **EMS organizes long term auctions** and informs TEL about results.
- TEL is in charge of daily auctions.
- TEL stays in charge of intraday capacity auction.

The official „1:1“- System Notification (registered exclusive cross-border partner) form should be sent to EMS only.

Serbia – Albania

There are two options to get capacity on RS – AL border:

- To register an Exclusive Crossborder partner;
- Directly with Serbian EIC code.

KOSTT

KOSTT is changing its code to 10XRKS-KOSTT-007 starting from 01.01.2015.

In 2015 we expect KOSTT to become Control Area Operator, but not before 01.03.2015. This would cause a new border.
