

TEST

Day Ahead Scheduling

Test Scheduling system

<http://192.168.13.213:8021/sched-pa-app/core/access/logon.jsp>

The screenshot shows the login interface for the e-terra ETSO scheduling system. At the top right, there is a logo consisting of a red 'X' shape followed by the text 'e-terra ETSO scheduling'. On the left side, there is a navigation menu with a yellow double arrow icon and the text 'participant', and below it, a grey bar with the text 'logon schedule management system'. On the right side, there are four input fields: 'User name' (text input), 'Password' (password input), 'Language' (dropdown menu showing 'English(US)'), and 'Time zone' (dropdown menu showing 'Europe/Belgrade'). Below these fields is a 'Logon' button.

Today is 24th February 2013
It is 00:15 CET

Decimal values

Enter first version of your schedule for
25th February 2013

The screenshot shows the ALSTOM e-terra ETSO scheduling interface. The top navigation bar includes the ALSTOM logo, a background image of wind turbines and workers, and the text "e-terra ETSO scheduling". Below this, a yellow navigation bar contains links for "Balancing Area Management", "Files", "Gates", and "Logs". A dropdown menu under "Files" is open, showing options for "File download", "File upload", and "Status Request". The "e-terra" logo is visible on the right side. At the bottom right, a grey box displays the user role "Participant" and the message "Welcome to the Schedule Management System".

ALSTOM e-terra ETSO scheduling

>> Balancing Area Management >> Files >> Gates >> Logs

- > File download
- > File upload
- > Status Request

e-terra

>> **Participant**
Welcome to the Schedule Management System

Check ACK

ALSTOM e-terra ETSO scheduling

>> Balancing Area Management >> Files >> Gates >> Logs

It is 08:00 CET

- Mismatch is not expected

It is 08:30 CET

- Please check your Confirmation

It is 11:30 CET

- Daily Capacity Rights file is available in the system

Enter new version of your schedule

- Include Daily Capacity if you have
- Add new internal transaction with zero values
- Use EIC code 34X-DEBALANS---H to balance your schedule

ACK is....?

It is 14:15 CET

- Check *File Download*

It is 15:00 CET

Gate Closure for Schedule negotiation

- Check *File Download*

Reason Code	Reason Title	Reason Text
A26	Default time series applied	[en_US]Default time series applied by 10XCS-SERBIATS08

It is 15:30 CET

Schedule acceptance Gate Closure

- In case of mismatch lower value is accepted
- Transactions with EIC code 34X-DEBALANS---H are put on zero value
- Check your Confirmation

Intraday Scheduling

It is 18:00 CET

Intra day schedule negotiation

- Your schedule is unbalanced
- You can balance every hour separately (deadline is 60 min before hour of change except for borders HU/RS and RO/RS) or just decrease it (deadline is 120min before hour of change)
- Use EIC code 34X-DEBALANS---H to decrease balance

Before implementation of Amendment of Market Code

- Internal transaction with 34X-DEBALANS---H stays present till Back Office
- Correct Confirmation is coming afterwards

After implementation of Amendment of Market Code

- Internal transaction with 34X-DEBALANS---H is put on zero during Intraday process
- Correct Confirmation is at Intraday Gate Closure

**Try to decrease your
imbalance**

Exchange inside Serbia with KOSTT

- Starting from 15th October 2014 small changes could happened regarding declaration for internal transaction with KOSTT
- This solution should last till the end of 2014
- No new EIC codes
- You will be informed with detail explanation on time about .

Thank you for coming
